

MEMORANDUM OF UNDERSTANDING
Between
Spokane Regional Emergency Communications
And
Local 1553-EC of the Washington State Council of County and City Employees - Council 2,
AFSCME AFL-CIO

In an effort to address increased workload in 911 due to unprecedented call volumes, both parties recognize the need for additional overtime in 911. As a result, SREC would like to give the opportunity to those report techs who are proficient as a Communications Officer the ability to work overtime as a Communications Officer. Per the FLSA, overtime will be paid at a blended OT rate for the pay period
